between the heavens and the earth,
the balance of life rests trustingly our hands.*

the healing of a community, a nation, a world
comes through the simple acts of individuals.*

*To reduce the distance in the world,
have more tolerance with yourself and with others.*

*To reduce hostility in the world,
show patience,
and allow space for respectful differences.*

*To reduce oppression in the world,
tread with gentle strength through your life,
always being aware of the impact you leave behind.*

*To reduce hopelessness in the world,
embrace your life's gifts,
and elevate others by living generously.*

*To reduce the hatred in the world,
weed out your own indifference,
and sow instead compassionate action.*

*To reduce the violence in the world,
tame your words,
being conscious of what they create.*

*To reduce the darkness in the world,
have the courage to illuminate those around you
with the profound radiance of your love.*

*To preserve the sacred places in the world,
explore, but take away only your memories;
leave behind only appreciation for having been there.*

*To strengthen your community, your nation, your world,
resist being an island of complacency,
and stand honorably within your personal Truth.*

*Willness isn't an ideal, or a fleeting moment of youth,
it is a way of being,
it is a state of mind.*

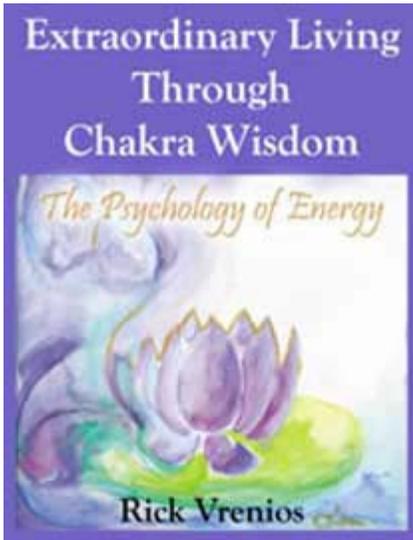

*By healing these things in yourself,
even if only in subtle ways,
you do change the world.*

Something really special is coming this January! The workshop is called Music of the Spheres - Awakening the Voice of Creation, and the title refers to the sacred sounds of the Heavens while in the act of creation. It is going to be one of those rare and unforgettable weekends.

Music of the Spheres is an experiential workshop that unites all three subjects: **Angels, Chakras, and the 2012 Transformation** into an extraordinary event that you are going to love. Each chakra has a voice that speaks its truth through your life as a clear guiding light. In reality, the major chakras are the seven Voices of Spirit that connect us with the Angelic Realm for direct communication. And, this experience will almost certainly take you more deeply into the Chakra System than you have ever gone before!

All of this will help each of us *raise our own spiritual vibration to match the coming Spiritual Transformation of 2012*. The energetic shifts are already under way and many of us feel the urgent call to meet our spirituality head-on.

== What You Will Gain... ==

- * Recognize the **Voice of each Chakra** as it speaks through our lives.
- * Uncover the **link between the Voice of the Chakras and the hierarchy of spiritual guides** & teachers.
- * Learn the **significance of the 2012 Transformation** and what it means for the natural evolutionary flow of the Chakra System (human, planetary, and galactic).
- * How to **use sacred sounds to heal and awaken the energies** of each Chakra center and open the channels of communication as clearly as possible.
- * How the **forces behind this planetary shift are already happening** and are reflected in current events.
- * How to **build a deep and nurturing relationship with your Chakras and your Spirit** to help your life feel more fulfilled regardless of your situation.
- * Guided **meditations to prepare ourselves and bring forth the full power** of the Chakra System.
- * Experience **hands-on healing with the Angels!**
- * Work with your Spirit Guides for **healing, forgiveness, and manifestation of your True Self**.
- * **Unlock the inner voices** that clearly express your Soul's Desire.
- * Awaken the Voice of Creation with each of us **embodying the Sacred Fire and the Heart Chakra** for us personally, for humanity, for the planet, and for the galaxy.
